INTRODUCTION

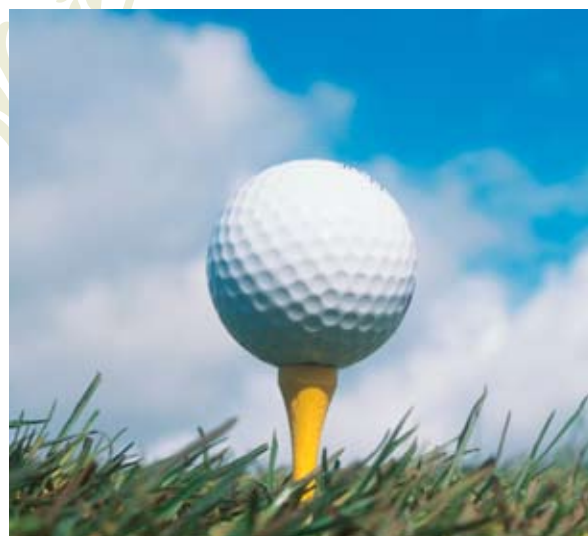

If you spend a few hours on a golf course situated in a beautiful, natural peaceful area you can easily refresh your body and soul. What if you are not only looking for a new golf challenge?

We know that all those who choose the way of golf visit the places with pleasure where beside golf, other opportunities of relaxation are offered. An ideal relaxing trip requires three elements: a fine golf course, high-class accommodation with wellness, spa and thermal facilities and delicious food.

Why Hungary you may ask?

Hungary provides a unique combination of golf, culinary pleasures and wellness, and offers the ideal facilities to relax, revitalize and enjoy the peaceful nature of the country. Various surfaces and excellent natural environment are waiting for the golfers, close to domestic and international airports. The current supply of golf courses is concentrated in the western part of the country. Apart from the existing first quality courses, there are several planned major developments in Hungary, most of which are concentrated around major tourist areas.

It is also important to remember that golf is a sport affected by the weather – in Hungary the number of playable days are 220 a year.

What can you do outside the golf course?

Hungary is the land of spas, extremely rich in thermal waters. You can relax after the game and enjoy the wellness, spa and thermal facilities of the hotels near every golf course in the country. They offer a wide range of relaxation and well-being treatments and most are available in conjunction with medical treatments to ensure that you leave feeling relaxed and refreshed.

Hungarian wine is another thing that has been acclaimed all over the world for hundreds of years. After a good day playing you have the opportunity to taste wines not only in our well-stocked restaurants. You also have the possibility to sign up for one of many wine tours, which will take you to wine cellars, vineyards and wine museums.

Beside all these entertaining possibilities there is an option to visit a wide range of easily accessible historical treasures that Hungary has accumulated during more than 1000 years of its history.

The facilities mentioned above prove that Hungary provides you all the requirements of an ideal relaxing trip. We wish you a pleasant time playing golf, delicious wine tastings and relaxing spa experiences in the heart of Europe.

BIRDLAND GOLF & COUNTRY CLUB

Birdland Golf & Country Club was established in 1991 as the first 18-hole golf-course in Hungary after the socialist age of prohibition. The club is located in Bükfürdő, the second most visited spa town in Hungary just 25 kilometres from the Austrian border. Its geographical location, climate, medicinal waters and the picturesque countryside give you the best setting for playing golf and having a wonderful experience.

The 18-hole, 100 hectare, championship course won the Golf Club of the Year award in 2001. The club also boasts the luxurious Radisson SAS Birdland Resort & Spa Hotel with wellness, golf and conference facilities. Birdland Spa, the special wellness centre of the hotel offers a wide range of the latest health, treatment, and beauty therapies. Enjoy the wellness bath with whirlpools, thermal pools, Finnish saunas, Turkish steam bath, herbal chamber, salt grotto, aromatherapy, tepidarium, frigidarium, a fitness studio, and an aerobic gym. There is also a Tennis Academy Centre for you to enjoy a game on the court.

Birdland Golf & Country Club has always laid great emphasis on the pursuit of active recreation and meeting national and international requirements since its establishment. Thousands of guests have already enjoyed the magnificent golf course in Bükfürdő for the past 15 years of operation and these achievements are something to be proud of.

European Lakes Golf & Country Club, established in 1994, lies in an especially beautiful hilly setting to the south of Lake Balaton. It is about 40 minutes' drive from the bustling university town of Pécs, which also won the Cultural Capital of Europe title for 2010. The town is famous for its street bars and restaurants and is located in the Gold Medal Villany wine region. (Wine tours are highly recommended).

The course was designed to make the best use of the landscape resulting in a wonderful Augusta-style course in an ancient forest park near the hunting-palace now functioning as a hotel. There are several apartment houses, a restaurant, an Irish bar, hot thermal outdoor pool, grass tennis courts and a health & massage centre around the 90 hectare golf-course. The club house is an ideal venue for conferences and events. Other recreational activities include horseback-riding, fishing and hunting.

Visitors from all over the world praise the 18-hole championship course as one of the most fascinating they have played in Europe.

The Club was awarded the title of Golf Course of the Year by Golf Digest Magazine and hosted the Hungarian Open and the EPD European Professional Tour in 2007 and will host it again July 2008. This tour first came to Central Europe in 2007 and chose the course above hundreds of others. The four day event was a huge success for players and spectators alike.

OLD LAKE GOLF CLUB

The Old Lake Golf Club was opened to the public in 1998. It is situated in Tata, Remeteszépuszta close to the M1 motorway, 40 minutes from Budapest, and 90 minutes from Vienna.

The club was established on the hunting estate of Count Eszterházy and it offers a complete golfing experience, a 4-star golf hotel and additional recreation facilities for the guests.

The club has continuously been developed during its 10-year history. As a result, golfers can enjoy the beautiful parkland, on a course surrounded by wonderful ancient trees and natural waters, small lakes and streams.

After a round, players can chill out in a pleasant atmosphere at the Diana Golf Hotel or at the club house that was transformed from one of the farmyard buildings of the former estate.

Besides the main course which presents a challenge to everybody, all the necessary practice facilities (driving range, putting and chipping greens, and 3 par-3 practice holes) can be found which altogether provide you a complete service.

In 2006 Old Lake Golf Club organized a professional golf competition for the third time sponsored by OTP Bank, which is unique in the Middle Eastern European region. The event was followed with great interest abroad and was a part of the Ladies European Tour. It is interesting to mention that the best professional women golf players of the continent took part in the competition. The OTP Bank Ladies Central European Open was the sport event with the second highest value prize in Hungary – behind, of course, the Hungarian Formula 1.

Pannonia Golf & Country Club is situated in Máriavölgy, about 30-40 minutes from the centre of Budapest, on a piece of land owned by the Habsburg family as a weekend retreat around 1845. You arrive at the course and Clubhouse along a beautiful alley of 200 year old trees.

The 18-hole golf course opened in June 1997 and was designed by Austrian golf architect G. Erhardt.

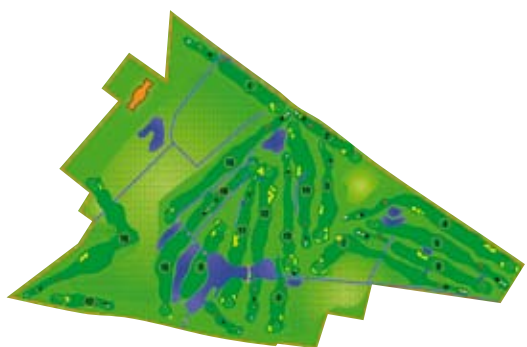

The fine design of the course was carried out by English construction company, Southern Golf. Golfers can instantly recognise that the designer took great care in imparting his knowledge and vast experience in the beautiful design and condition of the fairways and greens. The quality of the Country Club area is up to the highest international standards. The entire project was designed as a place of art and culture 40 km from Budapest and is now acknowledged as an outstanding sports facility in Hungary.

The complex offers many amenities in addition to golf. A professional kindergarten service is available on the weekends as well as a playground and a beautiful swimming lake for families to relax.

The club house was developed through the renovation of an original Habsburg building which now houses a fine restaurant with excellent cuisine. The restaurant and terrace are outstanding venues for events.

Pannonia Golf & Country Club won the B.I.D. International Quality award in the Gold Category for Customer Satisfaction, Quality and Business Excellence in New York in 2004.

PÓLUS PALACE GOLF & COUNTRY CLUB

Pólus Palace Golf & Country Club is only a 20 minute ride from the Budapest Ferihegy Airport.

The 18-hole, 72-par, 172-acre golf course was opened in 2002. The course, with sections of distinctive southern flavour, is part of a unique natural reserve with botanical rarities. Forty-one strategically placed bunkers make the course attractive for high and low handicappers alike. Eight sections of the course form an integral part of the natural reserve, while 9 are directly connected to a system of lakes giving each part of the course its special character. The slightly sloping course provides a breathtaking view of the Pilis range and the Buda hills.

A fully illuminated driving range with 16 covered stands, a pitching green, and a putting green provide excellent opportunities for those wishing to practice. An elegant golf concierge, Golf Pro Shop, Full Swing Golf simulator with the best courses in the world, professional consultation, Golf Academy and a teeming social life are all part of the club and are also open to the public.

The five-star Pólus Palace Thermal Golf Club Hotel at the golf-course has 58 spacious rooms, two restaurants, conference halls and a casino. You can enjoy the aqua park, Turkish steam bath, Finnish sauna, beauty parlour and a well-equipped fitness gym. For outdoor recreation, visit the tennis courts or the horseback-riding range.

ROYAL BALATON GOLF & YACHT CLUB

The driving range, golf course and clubhouse of the Royal Balaton Golf & Yacht Club opened on 1 July 2007. The first picturesque, Mediterranean-like, 18-hole golf course of Lake Balaton will be opened in the spring of 2008.

It was built on 67 hectares according to the plans of Hans-Georg Erhardt, the internationally recognised golf-architect, by moving 300,000 m³ of soil, creating 30,000 sqm of water surface, and sowing 15 tons of grass seed. This golf course brings a new dimension of entertainment to the shores of Lake Balaton.

The course of varied delineation lies in a unique natural environment next to Tihany, between Balatonudvari and Örvényes, offering a splendid panorama of the lake.

Four fairways are surrounded by forests and the beauty of the landscape is enhanced by ponds, reeds and vineyards. The course is near the Balaton-Uplands National Park, and includes the gravel pit of Örvényes qualified as a nature reserve for golf lovers to enjoy.

The construction of the yacht port 2 km from the golf course will begin in the spring of 2008. The 1000 sqm facility will offer a wide range of services, apartments to let, and a restaurant in the spring of 2009.

Additionally, 70 luxury golf suites of various sizes will be built on a 1 hectare area near the golf course lakes. The construction of 30 and 76 sqm suites with a spectacular view of Lake Balaton and the golf course is to begin operation in the spring of 2008.
